When you're weary, feeling small,
When tears are in your eyes, I will dry them all;
I'm on your side. When times get rough
And friends just can't be found,
Like a bridge over troubled water
I will lay me down.
Like a bridge over troubled water
I will lay me down.

When you're down and out,
When you're on the street,
When evening falls so hard
I will comfort you.
I'll take your part,
When darkness comes
And pain is all around.
Like a bridge over troubled water
I will lay me down.
Like a bridge over troubled water
I will lay me down.

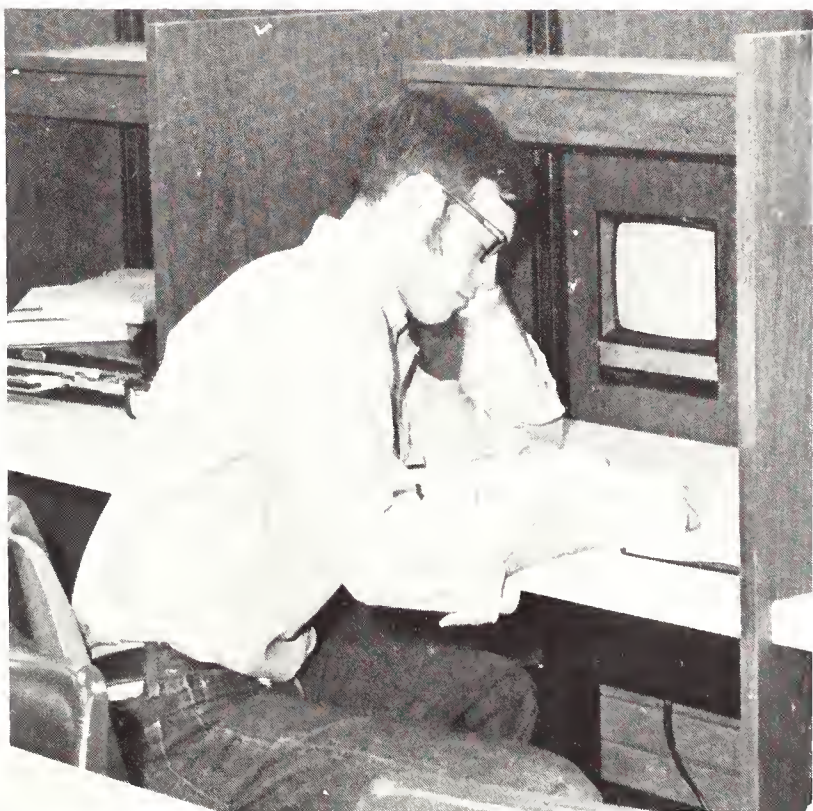

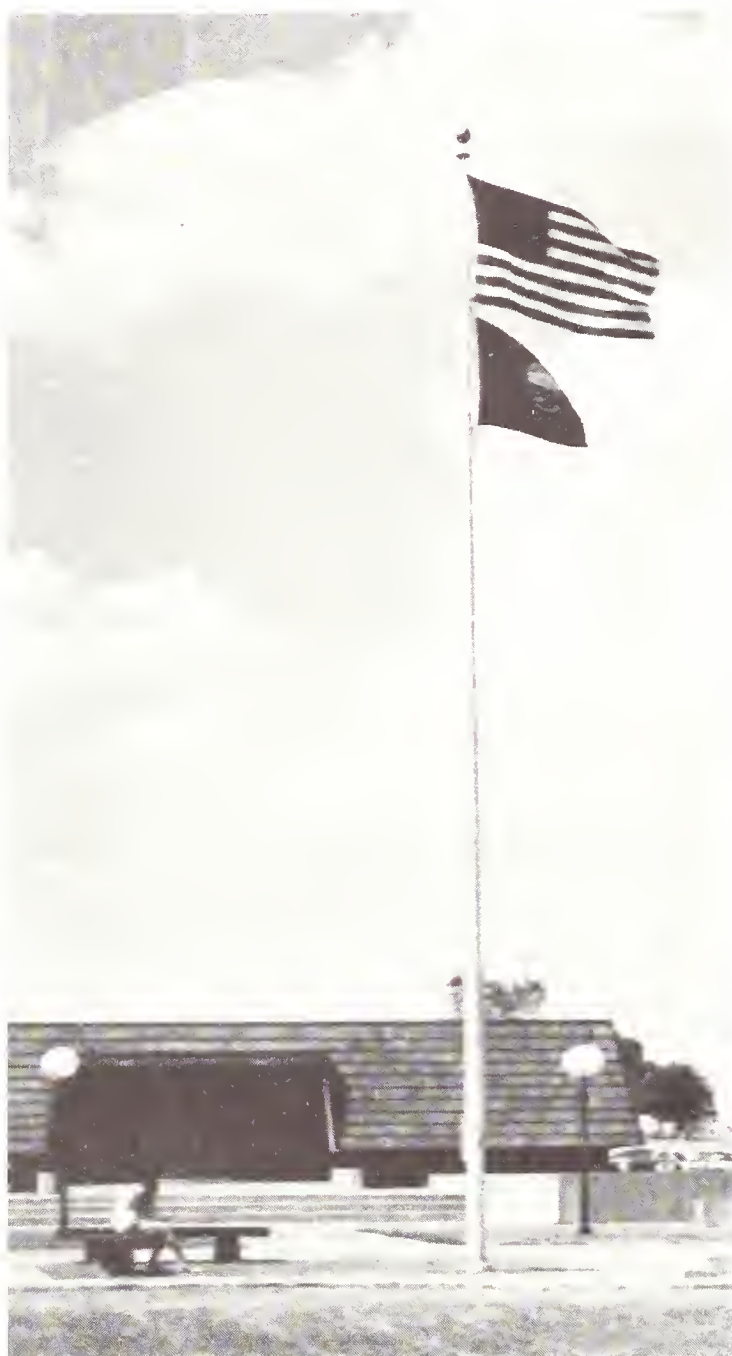

Sail on silvergirl,
Sail on by.
Your time has come to shine.
All your dreams are on their way.
See how they shine.
If you need a friend
I'm sailing right behind.
Like a bridge over troubled water
I will ease your mind.
Like a bridge over troubled water
I will ease your mind.

Orientation

Orientation was an innovative program for the junior college freshmen this year. Students participated in a two-day series of events that acquainted them with college life, introduced them to members of the faculty, helped them to located campus areas, and enabled them to make new friends more readily. At right freshmen take an English aptitude test in the cafeteria; below left, students experience mock class schedules; below right, students keep time to rock music; bottom, students reassemble for closing session. As a result of their efforts each freshman received an hour of credit and completed their final enrollment. Approximately 422 students qualified for the credit hour. Next year's orientation will be greatly improved because of the opinions voiced by this year's freshmen.

As soon as the last session was over in the gym, the freshmen began enjoying campus activities (above). Free food and drinks were furnished by the El Dorado Chamber of Commerce to the students and faculty (below left); two students peel the paper off their ice cream bars (below right).

Marketing Technology

Last fall an experimental program in Marketing Technology was started. The Butler County Community Junior College program closely resembles the standard Distributive Education program; yet there is a purpose in mind: to provide not only a comprehensive training but also to offer a specialized, on-the-job training experience.

Each student has a structured program designed for him as a individual developed in his own interests. The curriculum consists of approximately 19 hours of business education, 12 hours in marketing and distributing and 14 hours in a technical and special field area. In addition to his regular college curriculum, the student must maintain an actual job in his area of study, for actual work experience of 15 hours.

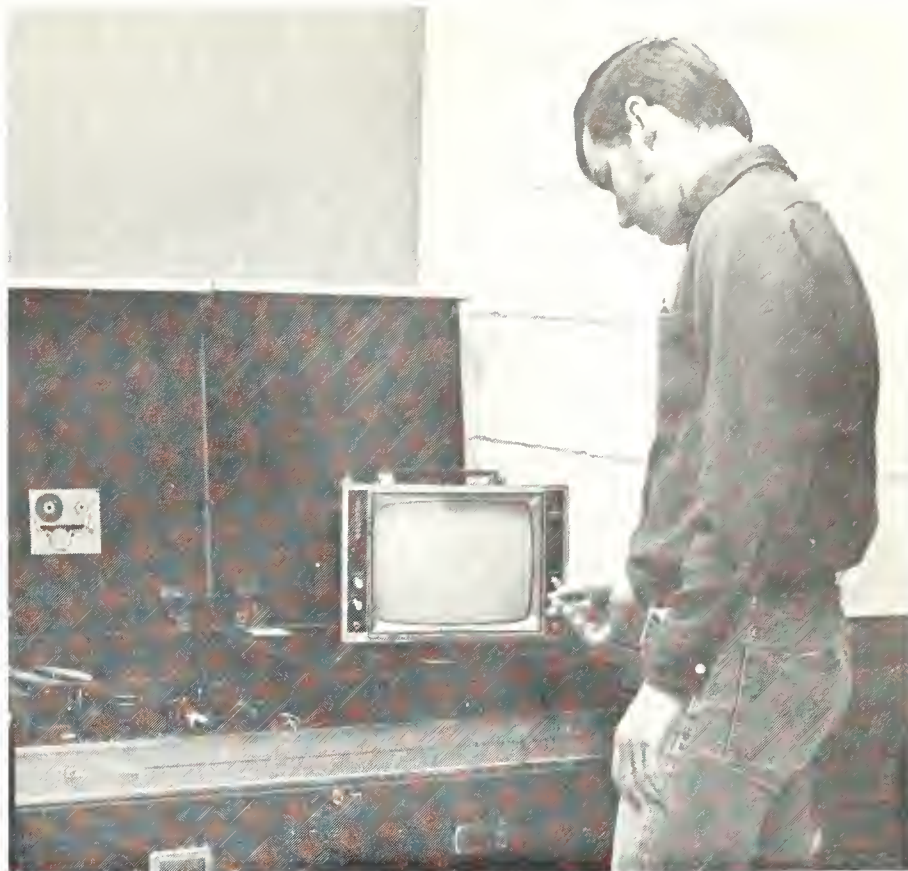

The new program this year is truly an advancement for the individual student. Marketing Technology helps the individual to develop maturity and become part of the community and an active participant in the partnership of education and industry.

Harold Harmon and Jim Edwards attempt to find answers in relationships of people for their consuming projects.

Shana Lewis and Margaret Chapman refer to salemanship material to prove that women are capable in the business world, too.

"I hope for you after me today
A youth whose feet must pass this way
This chasm that has been naught to me
To that fair-haired youth may a pitfall be.
He, too, must cross in the twilight dim;
Good friend, I am building the bridge for HIM."

— William A. Dromgoole

Favorites Campus 1971

LaDonna VanMeter and Roger Frazier

were named Campus Favorites at the annual favorites' dance in the student union on February 12. Both students have maintained significant records in campus activities at Butler County Community Junior College.

La Donna was named to the Presidents' Honor Roll for her first three semesters. She was president this year of the Young Republicans and of the Science Club. She was also secretary of the Collegiate 4-H and a member of the student council. She was an attendant to the 1970 homecoming queen and the visiting queen from Butler County to the 1970 Arkalalah Festival at Arkansas City. She plans to transfer to Kansas State University next year to continue her study in political science.

Roger was named to the Deans' Honor Roll his first semester and to the roll of honorable mention the next two semesters. He was a member of the student council last year and has been president of the college student council this year as well as vice president of the Kansas Junior College Student Council Association. A member of the yearbook staff for two semesters, he helped to publish the 1970 spring supplement and was editor-in-chief of the 1971 Grizzly. His chosen major is modern languages. He studied Spanish in Valencia, Spain, during the summer of 1970 and is the recipient of a Rotary scholarship to study French at the University of Besancon, France, for the 1971-72 year.

Campus Favorites Finalists: Sue Waggy, Maynard Kerns, La Donna Van Meter, Roger Fraizer, Nancy Studebaker, and Alan Sleder. BELOW: Guests and the Favorites dance to the music of the Majestic Mood.

A black and white photograph of a suspension bridge. Two people are walking away from the camera across the bridge deck. The bridge has a complex metal truss structure on the sides. The background shows a dense forest of trees. The overall tone is contemplative and symbolic.

Spring Activities

Commencement is a bridge over which we may pass from the known to the unknown experiences of life. Knowing that others have gone before us, we step confidently across this bridge, assured that it will support us as we venture into the future.

Track and Field

The Butler County Grizzlies participated in nine track meets this year, winning a total of three meets and placing second in two others. They climaxed the season by winning their fourth consecutive Jayhawk Conference championship held at Hutchinson on May 8.

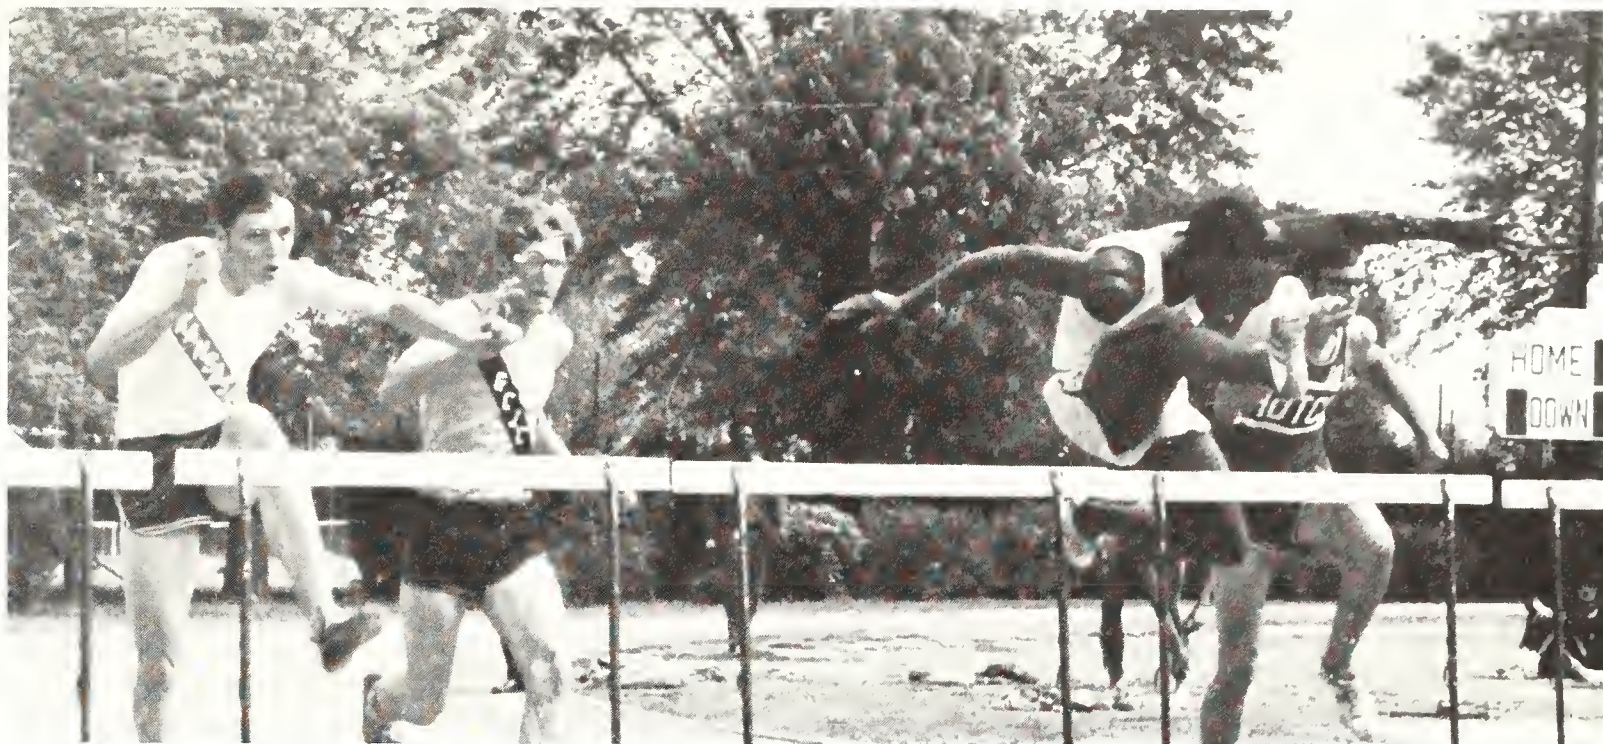

Giving that little extra, Keith Wilson and Dennis Patterson place first and second in the open half mile.

Grimacing, Steve Reid shows the strain of throwing the discus as he places fifth.

SQUAD — FRONT ROW: Dean Parker, Abe Serrano, Jim Hays, Keith Wilson, Paul Graham, LeRoy Warren, Steve Reid; SECOND ROW: Dave Hime, David Thomas, Temore Terry, Dave Flowers, Mike Penny, Rixey Wertenberger, Alan Stuart, Duane Bettis; THIRD ROW: Coach Dale Remsberg, Bob Moreno, Larry Holt, Steve May, Jack Brown, Bill Townsley, Cary Deiter, and Coach Ollie Isom. Not shown: Mike Alexander, Jim Carter, Chris Conner, Danny Cooper, Rod DeGarmo, W. L. Mitchell, Dennis Patterson, Waverly Thompson and Gerald Weins.

Taking an early lead, Paul Graham shows good form over the first hurdle in the 120-yard high hurdles.

Straining for a win in the 100-yd. dash, Waverly Thompson pulls for a first with W. L. Mitchell right behind for second and, hidden behind Waverly, James Carter places third.

Bob Moreno crosses the tape at the end of a record-setting mile run. His time for the mile was 4:19.0, a new league record.

Bears Capture Fourth Straight Conference Title

The Grizzly track squad closed a successful season and for the fourth consecutive year claimed the Jayhawk Juco Conference title in the match at Hutchinson. The Butler County Relays were rained out. Results of the rest of the season's meets are listed in the following schedule.

SCHEDULE

Northeast Oklahoma Duel	Won
Arkansas Relays	No team score
Garden City Relays	Second
WSU Relays	Second
KU Relays	No team score
Hutchinson Night Relays	First

Four track men, accompanied by Coach Ollie Isom, attended the national junior college track meet in Mesa, Arizona, on May 20, 21, 22. Bob Moreno placed sixth in the two-mile, breaking the existing Grizzly record for that event with a time of 9:12.0. Alan Stuart entered the high jump. Keith Wilson qualified for the semifinals in the 880, and James Carter qualified for the semifinals in the 100-yard dash.

Temoer Terry became the conference champion in the long jump.

Johnsons Lead Grizzlies Into Regional Berth

Butler County's never-say-die Grizzlies shook off a mid-season slump and roared to a second place finish in the western division of the Jayhawk Juco Conference standings and a playoff berth in the Region Six tournament.

The Bears, behind the dominating duo of Fred and Ray Johnson, posted a 14-11 season record. Going into the Region Six playoff, the Bears were considered dark horses for the tournament crown.

Eventual tournament runnerup Independence ruined the Butler County chances, however, in the first round with a resounding 102-89 victory ending the Butler County basketball season.

All-conference selections, Fred and Ray Johnson, led the team in both scoring and rebounding. Both finished in the top ten in the conference statistics.

Besides the Johnsons, Butler County got steady performances from Mike Pontious, Paul Graham, Larry Ewart, Rixey Wertenberger, Joe Konrade and Steve Laughlin, all sophomores.

Freshmen who saw action during the season included Tom Byler, who saw limited starting duty near the end of the season, Roger Pock, Rocky McWilliams, Tom Bechtold, and Ken Kneiling.

It was a mid-season slump that spelled disaster so far as the Bear's conference hopes were concerned. Consecutive losses to Pratt and Seward County primed the Bears for key league wins over Cowley and Dodge City.

The Bears then lost a heart breaker to eventual league champion Hutchinson. Butler County led by as many as 19 points before falling by a single point in the last seconds.

Rallying in the second half, the Bears clinched second place in the western division of the conference with a last second win over Dodge City. It was a last second shot from Fred Johnson that provided the winning margin and propelled the Bears into the Hutchinson Region Six playoffs.

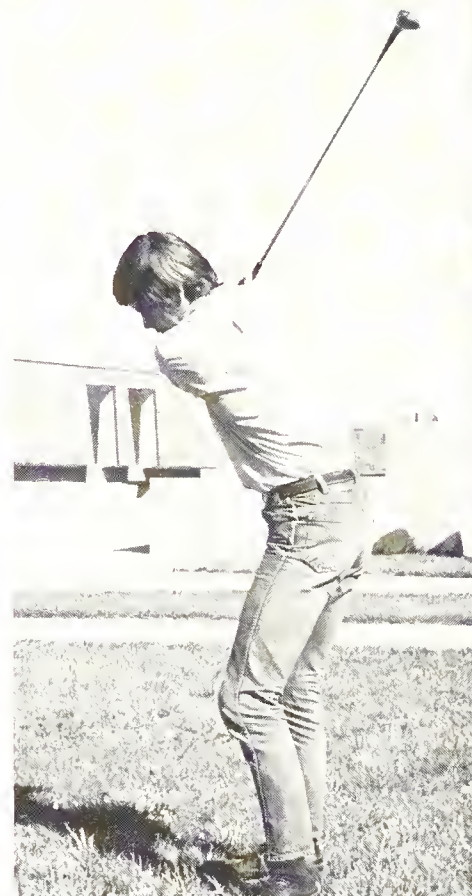

Golfers Finish Outstanding Season

The golf squad completed the league season by capturing first place in the Kansas Jayhawk Junior College Conference. The squad competed against tough teams in the league. Four firsts, two seconds, and one third place plus an overwhelming victory in the regionals completed the 1971 season. This is the first season that the golf squad, under Coach Nay, has had a winning season. Terry Severt received first medalist and Eric Forsee received second medalist.

The four-member team entered the national junior college meet at Flint, Michigan, on June 8, 9, 10, 11, competing against five-member teams from 22 other junior colleges. Playing 36 holes on alternate days at the Flint Country Club and the Warrick Hills Country Club courses, the team placed eleventh, qualifying to return next year. Terry Severt placed fifteenth, missing an All-American rating by two strokes. The experience climaxed the first successful year of golfing for the Grizzly golfers.

Theatre

The theatre department of Butler County Community Junior College presented two major productions during the spring semester. The "Sorcerer's Apprentice," a children's play, directed by Darryl F. Patten, launched a busy schedule that was to take them to Abilene, Texas, for their last performance. Following this production was the one-man show starring Richard Martindale in "Krapp's Last Tape," a one-act play directed by Carl Marsh. Martindale received the Mastercraftsman Award for his work in all aspects of play production. The community production, "Our Town," concluded the year's performances.

Novice Debate Squad Ends Season Well

The Butler County Community Junior College forensics squad had a very active season during 1970-1971 school year. They traveled to fifteen tournaments, where they were finalists in twenty-eight forensic events. They won several individual and team trophies from the various tournaments, including a finalist plaque from the regional tournament and a semi-final award for Persuasive Speaking at the National Phi Rho Pi convention held in St. Louis.

The debate squad, besides competing in forensics tournaments, was active in several other activities.

Under the direction of Michael E. Hadley, Director of Forensics, the squad hosted two intercollegiate debate tournaments. Members also published two books, the first of which was a history of the Phi Rho Pi program here at BCCJC for the past forty-two years. The second book published was a handbook for high school debaters which was distributed throughout Kansas.

Most of this year's squad will be returning next year to continue the winning tradition of the Junior College forensics program.

The art sale held on the courthouse lawn featured ceramics (ABOVE) and paintings (BELOW).

Art Activities

The Art department had a wide variety of events scheduled this school year of 1970-1971. It held a total of six art exhibits including a two-man art show by Craig Calnan and Micky Jilg. Mr. Havel, art instructor at BCCJC, held a black light exhibit in the art gallery during the month of December. During February, Marilyn Grisham displayed her work in macromae, rug weaving and hookings. In March, a ceramics exhibit with work by Darryl McQuinnis was displayed. For two weeks in April the students enrolled in Fundamentals of Art exhibited their work in rug hooking.

The final art exhibit was the annual showing of the day and night students of BCCJC. The show ran from April 25 to May 14. Eldon Solt was named outstanding art student by Mrs. Joann Foth, an artist in residence in El Dorado. The award goes to a sophomore who is enrolled in two or more art classes and whose work is rated excellent in quality.

The year was concluded by an art sale on May 15, held on the courthouse lawn in El Dorado.

A wide variety of art was displayed at the student art show.

President Walbourn introduced Dr. John E. Visser, president

of Kansas State Teachers College, Emporia, who gave the commencement address. Mr. Richard Chase, president of the Board of Trustees, presented the diplomas. He made special recognition of the scholastic record of LaDonna VanMeter and Karen West and presented them Summa Cum Laude awards for their 4.00 grade point average.
